EUROPEAN YOUNG OLYMPIC AMBASSADOR PROGRAMME

The European Young Olympic Ambassador (EYOA) Programme aims to strengthen Olympic values among young athletes participating at the European Youth Olympic Festival (EYOF). During the Winter EYOF 2022 in Vuokatti & Summer EYOF 2022 in Banská Bystrica the educational programme will be carried out for the fourth and fifth time since 2016 under the auspices of the EOC Olympic Culture and Legacy Commission.

The EYOA Programme invests in a group of young people who are inspired by sport and the Olympic values and wish to contribute in building a strong value-based foundation for the international sporting community. This year the EYOA will bring together 50 young people who share the same passion, energy, motivation and who strive to inspire young athletes to follow the Olympic values on and off the field.

TESTIMONIALS

Testimonials of the participants of the 2019 Summer EYOF in Baku:

"It was a great experience and I had a lot of fun with it. It opened up a lot of doors for me into the sport world, not as an athlete but more for the future after sport. I learned a lot of things which got me out of my comfort zone and I think it was a great addition to the EYOF competition."

"There are a lot of reasons why this programme is interesting, for example: 1) It develops responsibility. 2) Shows that we have to respect each other. 3) Shows that we should be open for the world."

"The programme is very important both for Ambassadors and athletes. It's the best way to present Olympic values to the athletes."

"The main point for me in this programme was the cultural cohesion and the experiences and friendships gained. EYOA is the perfect programme for people to mingle with each other and minimize cultural difference."

"One of the best days in my life, not only because I met amazing people, but also because we changed athletes' attitude towards Olympic values!"

"I got the Olympic values under my skin. I felt I reached and made a difference or some kind of impact for a lot of people. It made me grow!"

TRAINING

EYOA

Training and Education

The European Young Olympic Ambassadors will follow an online education programme delivered by the EOC Olympic Culture and Legacy Commission. The virtual training programme will be implemented using a CLANED learning platform. The platform will enable all EYOA to interact with each other and prepare various activities in order to promote Olympic values among athletes.

We strongly encourage NOCs to include their NOC Culture and Education Champion in order for each EYOA to have support and a better understanding of the Olympic values and existing Olympic education programmes within NOC.

It will be mandatory for all EYOA to take an active part in all five Webinars and small working group sessions. The schedule of the webinars will be given in advance. If any EYOA misses a webinar, they will need to watch it at a later date and submit written feedback regarding the key lessons learned. It is very important for all EYOA to contribute to the working groups. Each working group will have an appointed Alumni and Member of the Commission.

If a EYOA is not active and doesn't fulfil the requested tasks regarding webinars and working groups participation, they will be automatically excluded from the programme.

EYOA

Accommodation & travel:

- Accommodation costs for the EYOA will be covered by the EOC. The accommodation fee will be initially paid by the respective NOC and will be reimbursed by the EOC, upon the presentation of the needed documents. Accommodation will be provided in the Athletes' Village.

- The European Young Olympic Ambassadors should arrive together with their delegations.
